Gold Award Project

Learning To Sew – For Charity

My project is to teach others the basics of sewing. The girls will make an easy take away gift. In addition, they will work on pillowcases that will be donated to CHOC Hospital.

- Meet with Jr. and Sr. or Cadette Troops, beginning in January
- I will bring 2 or 3 sewing machines and helpers to lead the meeting.
- The girls will make a take home item, and will also be working on the pillowcases for CHOC.

I am seeking donations of flannel fabric in 1 1/8 yard increments. Donations may be dropped off at the Yorba Linda Program Center, in a box with my name on it. Please contact me to schedule a meeting with your troop.

I will run an entire meeting!
